# MFC-295CN

For business that desires a machine to print, fax, copy, scan and print direct, Brother has the ideal solution for you. Our network-ready colour inkjet Multi-Function Centre (MFC) is an indispensable all-in-one for networked homes and small businesses alike. Incorporating a 15-sheet Automatic Document Feeder (ADF), this compact machine is designed to let you scan and fax multi-page documents easily and unattended. The MFC-295CN also gives you all the key communication functions you need to deliver your office business documents tasks quickly and efficiently. You can store up to 170 pages of fax in your machine's memory without missing out on important documents.

For added convenience, you can make copies from, or scan documents directly to your media card without turning on your PC. You can also print directly from your camera using PictBridge™ or from a USB flash memory drive for greater time-saving, and achieve vibrant and high quality borderless photographs.

The MFC-295CN not only saves you time and space, it saves you money. With its 4 individual ink cartridge system, you only have to replace the colour that runs out, instead of having to discard an entire tri-colour cartridge – eliminating waste, saving you money and protecting the environment.

With so much to offer, it's great to have a Brother at your side.

GENERAL		
Printing Technology		Inkjet
Display		1 line LCD
Memory Capacity		32MB
Network Functionality		Print, Scan, PC-Fax and PhotoCapture Centre™
COLOUR PRINTING		
Print Speed	Mono	Up to 33 ppm
	Colour	Up to 27 ppm
Print Resolution		Up to 1,200 x 6,000 dpi
