

HL-4150CDN Network Ready Colour Laser Printer with Automatic Double-Sided Printing

You can get both: powerful performance and significant cost savings. Brother's HL-4150CDN is the high-speed, dependable colour laser printer with a wealth of features to make office life easier.

The HL-4150CDN offers professional quality printing at up to 2,400dpi for consistently excellent colour and monochrome documents. Get fast results and increase your productivity with print speeds of up to 24ppm for colour and monochrome. Double-sided printing comes at an equally impressive speed of 7 sheets/14 sides per minute and helps you reduce your paper consumption by printing on both sides of the paper.

If you would like to increase efficiency in your office, simply connect the HL-4150CDN to your existing network for several people to share resources.

The HL-4150CDN is decidedly low maintenance with its reliable yet stylish build, large 250-sheet paper cassette and convenient 50-page multi-purpose tray.

Lower your running costs with the HL-4150CDN's exemplary Energy Star certified low power consumption and a choice of standard, high-yield and super high-yield toner cartridges.

High Speed Network Ready Colour Laser Printer with Automatic Duplex*

Professional performance, very low running costs and low maintenance: Brother's HL-4150CDN increases your productivity in the office.

* Duplex = double-sided printing

- Save time in the office with a fast colour and monochrome print speed of 24 pages per minute (ppm).
- Cost savings with automatic double-sided (duplex) printing.
- Choice of standard, high-yield and super high-yield toner cartridges to perfectly suit your needs.
- Environmentally friendly with Energy Star certified & low power consumption.

Reduce your running costs

Saves resources Improve the workflow for greater efficiency by sharing this printer with multiple users over the network.

Super-low power consumption Reduce your energy bills with this leader in its class, which features low TEC (Typical Electrical Consumption), and is also Energy Star compliant.

Enhances access and usage control Brother's unique Secure Function Lock enables you to restrict users' access to specific printer functions such as colour printing, or set monthly print volume allowances for users to reduce running costs.

Saves paper and toner With the automatic double-sided printing feature, you can save up to half your paper usage. Reap cost-saving benefits with the optional high-yield toner* or super high-yield toner# for printing in large volumes. And compress 2, 4, 9, 16 or 25 pages into just one A4 page with the N-in-1 printing feature.

* For colour cartridges.

For both colour & black cartridges

Deep sleep mode With this feature, the machine operates at only 0.9 watts when not in use, lower than any other printer in the market[^].

Do more in less time

Prints on almost anything Print on both thick papers and envelopes with the 50-sheet multi-purpose tray. And with the straight paper path, simply feed special media at the front and collect printouts instantly at the rear.

Direct USB printing Print directly from your USB Flash Memory Drive, without having to access the computer.

Adds a professional touch Print easy-to-read, professional-looking documents in an A5-booklet format automatically by simply choosing the Booklet feature in the driver.

Puts you in control Manage your network printers with two easy systems. The Web Based Management system allows configuration through your web browser without software installation. And the BRAdmin system puts you in charge of a large suite of machines spread across multiple locations, saving you the hassle of having to physically visit each printer.

Maximise security

The Secure Print feature Protect confidential documents with a pre-set private PIN code on your computer. To activate, simply enter a private PIN code on your computer before clicking "print". The document will print only after the PIN code is entered on the printer.

SSL encryption This prevents hacking during the computer-to-printer stage by first encrypting the data before it is sent over the network.

With the HL-4150CDN's innovative, easy-to-use solutions, you can cut costs and save time on your office tasks.

Double-sided printing reduces your paper consumption

Optional second tray for more convenient paper handling

Ideal for busy offices: share resources via your existing network
