THE MOST VERSATILE

All-In-One Business Imaging Solution

Print • Fax • Copy • Scan • PC Fax

The new Brother MFC-9440CN multi-functional printer gives multi-tasking a whole new meaning. Able to perform high-speed colour printing coupled with colour copying, scanning and faxing functions, this all-in-one workhorse is designed to meet all your business needs. A wealth of connectivity and networking options has also been included in the MFC-9440CN, allowing it to integrate seamlessly into your existing office infrastructure.

High-Speed Printing with Brilliant Colour Quality

At a print speed of up to 20 pages per minute (A4), the HL-4040CN and HL-4050CDN give you excellent print quality of up to 2400 x 600 dpi, with high levels of contrast and clarity. Printing of your colour documents is not only fast, they are guaranteed to leave a lasting impression on your business associates.

Productivity Gains

Designed to give you high yield outputs, Brother's separate CMKY toners and drum help further increase your office productivity by allowing you to continue with monochrome printing when any of the cyan, magenta or yellow toner cartridges runs low or is empty.

Toner Save Function

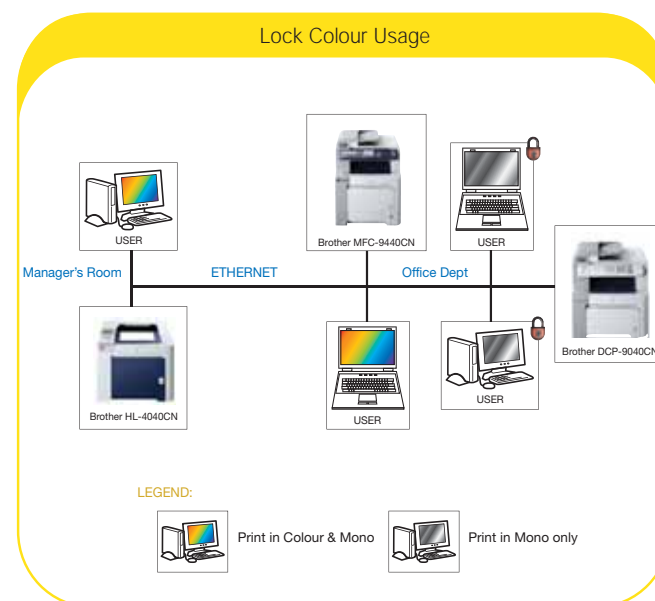

You can select Toner Save Mode for printing draft documents, so as to reduce toner usage for non-important printouts.

Sleep Mode

Save power by manually setting the sleep time of your printer on the printer driver, or select 'auto' to let the printer's intelligent sleep function analyse the printing frequency and time to determine the most appropriate time to activate sleep mode.

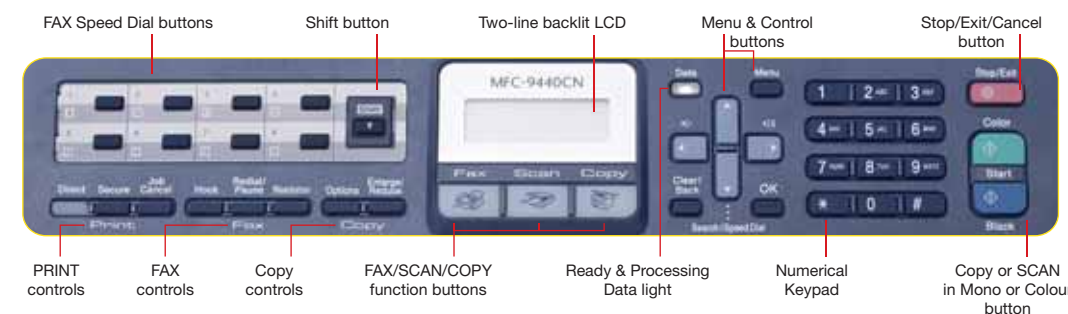

Lock Colour Usage

The Lock Colour Usage feature in the MFC-9440CN allows administrators to prevent unauthorized colour printing.

Enhanced Usability

Designed for a high ease of use, the MFC-9440CN helps streamline your daily office processes with a comprehensive range of functions and features. In addition, it has an intuitive control panel conveniently placed for easy operation of scan, copy and fax functions.

Full Colour Copying Brilliance

Look forward to brilliant full colour copies with the MFC-9440CN at 16 copies per minute (A4) and at a copy resolution of max. 1200 x 600 dpi. With a first copy output time of less than 21 seconds*, copying of A4 size documents is fast and made easier with the 35-sheet automated document feeder. Stacking and sorting features also add to your convenience by automatically collating your printed documents.

*Monochrome copy, FCOT of full-colour copy is less than 23 secs.

High Functionality Scanning

The MFC-9440CN's flat-bed design and one-touch 'Scan' button makes it easy to obtain high-quality scans of up to 1200 x 2400 dpi (Optical/Glass). It also provides the following scanning features:

- **Scan to File** saves your scanned document as a specific file type to a pre-defined folder.
- **Scan to Image** loads your scanned image to the selected imaging or photo application so you can save, print or edit the original image.
- **Scan to E-Mail** lets you send email with the scanned image as an attachment.
- **Scan to FTP*** allows you to scan and upload your document to a designated FTP folder.
- **Scan to OCR** automatically detects text documents and scans it into an editable rich text format.
- **Scan to USB** saves your scanned documents to a USB storage media connected to the printer.

*File Transfer Protocol - Up to 10 FTP sites can be preset so users can select the pre-configured profile easy via the MFC's keypad.

Intelligent Fax Features

The MFC-9440CN's Super G3 fax feature transmits at just approx. 2 seconds per page. Fax memory of up to 400 pages* assures you your messages get through even when the printer runs out of paper. You can also send PC-faxes which saves you both time and resources.

*ITU-T Test Page at Standard Resolution on A4 size paper, JBIG.

Effortless Management with the Embedded Web Server

Manage your printer using the Embedded Web Server (EWS), which can be accessed from any web browser. EWS has the following features:

- Auto-detect all Brother printers on the local LAN.
- Dynamically change printer and print server settings (including paper settings, power save settings).
- Custom email notifications to alert when toner levels are running low or when print job errors require rectification.

Easy Network Integration

The MFC-9440CN is equipped with an integrated 10/100 Base-TX Ethernet Card for seamless integration with your existing IT infrastructure. Connecting the printer to a LAN environment lets you share the printing function with your work team.

Full Frontal Operation

The MFC-9440CN is designed for full frontal operation. This means that changing of consumables and loading of paper are all done through the front of the machine, giving you a greater level of convenience.
