- HQ1200 (2,400 x 600 dpi) print resolution for high quality prints.
- Easy-to-use control panel with 2-line LCD screen.
- Optional high-yield toner cartridge to reduce printing costs.
- Low maintenance: large 250-sheet, dust-free paper tray and manual feed slot to print on envelopes.

## DCP-7060D Compact Monochrome Laser Multi-Function Centre with Automatic Double-Sided Printing

With fast print and copy speed of up to 24 pages per minute and automatic double-sided printing, the DCP-7060D lets you produce professional documents in no time. You'll get sharp, crisp text and accurate reproduction of even the finest details on the page thanks to its high print resolution.

This versatile all-in-one offers high quality prints, scans and copies in one compact multifunction unit. The high resolution flatbed scanner produces high quality colour images of scanned documents straight to your PC. The single sheet multi-purpose tray can be used to print on thicker media such as envelopes, whilst the standard dust-free paper tray boasts an impressive 250-sheet capacity so you'll replenish it less frequently.

The DCP-7060D has been designed with the budget conscious buyer in mind. Automatic double-sided printing, N-in-1 printing (where multi-page documents can be reduced to just one page) and toner save mode can reduce print costs considerably. All supplies, including the drum, can be replaced individually. This saves you money as you only pay for what you've used.

The DCP-7060D's ENERGY STAR certified energy efficiency means a reduced energy bill for you.
